Healing
Better Health
Happier You*

WELCOME TO SHARMA ENTERPRISES

Established in 1987, Sharma Enterprises is a prominent manufacturer and exporter in the field of naturopathy, providing a range of services including nature cure, hydrotherapy, Ayurveda panchakarma treatment, yoga, physiotherapy, spa services, and more.

OUR COMMITMENT

We develop our products through extensive research and development, guided by qualified physicians to ensure scientific efficacy.

INDUSTRY APPLICATIONS

Our products cater to:

Ayush
Hospitals

NGOs

Resorts

Health
Clubs

Colleges

AIIMS
Facilities

We comply with BIS and NABH standards, delivering quality services for 40 years.

ECO-FRIENDLY

Our metal products are safe and crafted from high-quality, food-grade materials, certified by ISO, IEC, and CQC.

GLOBAL REACH

We are currently engaged in 12 hospital projects in Nepal and export to various countries including Dubai, Nigeria, America, and Australia.

SHARMA ENTERPRISES IS COMMITTED TO PROVIDING HIGH-QUALITY HEALTH AND WELLNESS SOLUTIONS.

Traditional Sauna Bath

Traditional Sauna - Soothing the mind and body, a sauna, increases blood flow circulation bringing nutrients to subcutaneous and surface tissue resulting in a glowing healthy skin, regulates metabolism, promotes the natural healing process eventuating quicker recoveries from fatigue and injury etc. Likewise, granting the pleasure of stretching out, relaxing and completely cleansing yourself.

Sauna Room is constructed using a frame work 35mm x 50mm pine wood cross sections at a distance of 450mm x 450mm (c / c). The entire surface is covered with 25 mm thick resin bonded high- density glass wool wrapped in aluminium foil. The entire frame is sealed with water proof, the inside of the sauna room is then covered on all six sides (including floor & roof) by 12 mm x 95 mm & For Floor & Bench 18mm x 95 mm pine wood strips using tongue & groove joints. Louvers are provided for balanced ventilation.

FEATURES & TECHNICAL DETAILS

Detail	Advantage
Microprocessor based Technology	The circuit PCB is based on marvel technology with Digital Display.
Auto Cut off	It shuts down the machine after the set time & room temperature. No need to remember to put it off.
Time/ Temp.Display	On Control Panel.
Light On/ Off	One may switch on/off the light of steam room with the switch provided on digital display panel.
Internal wiring in Sauna Room	It is done with Teflon wire that can tolerate the high temperature & is fire safe.
Sauna Heater Internal Body	Stainless Steel 202 Grade
External Body	Stainless Steel 304 Grade.
Heating element	Stainless Steel 316 Grade.
Sauna Generators	Commercial use heavy duty
Panic Button With Buzzer	For Emergency Push the button all system off & on buzzer

Infrared Sauna

Note: The temperature in the sauna should be between 60-100°C with very dry air inside, allowing perspiration to quickly evaporate. Upon entering the sauna, the body is warmed in the hot environment and perspiration increases. Exiting the heat and chilling the body in cold water after the sauna is an inseparable part of the sauna experience. It cleans out poisons from the body and of course, it is a mentally and physically relaxing experience.

Radiations are experienced as the heating component of the natural sunlight. Far Infrared is a completely safe form of natural light energy and essential for all living things. Infrared Radiation is shown to induce 2-3 times the sweat volume of traditional heat and steam saunas, with a lot less discomfort, and the sweat contains more toxins from the deeper fatty tissue layers below the skin. Our flagship product Infrared Sauna not only provide unlimited health benefits but also offer a completely rejuvenating experience in just 20 minutes. You are welcome to have a personal experience at our showroom. It is a very Eco friendly and energy saving equipment and very easy to run and maintain it.

Far infrared saunas provide the following health benefits:

Better
Circulation

Increased
Energy

Weight
Loss Aid

Maintain
Cardiovascular
Health

Speed
Recovery from
Injuries

Detoxification

Stress Reduction
& Relaxation

Skin Beauty

Improved
Immune System

For better understanding the utility and benefits, We can send you on request Medical data and some case studies & Doctors opinions on Infra-RED sauna which clearly speaks about the benefit for this latest technology. We want you to make your life healthy without any extra efforts. We always call it 'Your active way to perfect health'. It Re-energize, re-charge, De-stress & De-toxify your Mind, Body & Soul. Studies show that it can burn 600 calories in just 20 mins.

Steam Bath

The Steam Bath is totally different from bathing. A steam generator located outside the steam room itself produces clouds of soothing steam in which to bath. The 100% humidity means that for most people, the bathing temperature is most comfortable at around 40°C - 45°C. Steam Bathing is an excellent treatment for respiratory problem, pain relief, and grants better immunity, it enhances the detoxifying capacity of skin by opening pores and flushing impurities from the body, it revives tired and strained muscles after physical exertion. You will discover that a steam bath ahead of bath time is an excellent method of promoting a deep restful sleep. The bathing timing limit is 10 -15 minutes. Do not push your body beyond its comfort levels. Drink plenty of water before and after the steam bath to replace fluids lost during bathing. We are counted among successful Manufacturer, Importer and supplier of Steam Bath. Steam Bath is basically designed by us keeping in mind the various requirements of client to relieve stress. It is very affordable and hence can serve to every class of people. The material used by us in making Steam Bath is of supreme quality.

Note - The use of alcohol, drugs or medication can greatly increase the risk of total hyperthermia.

Spa Bath

Acrylic bathtubs are vacuum-molded from sheets of acrylic and reinforced with fiberglass. Inexpensive and effortless, these beautiful tubs are non-porous, hi-gloss, and resistant to the rigors of everyday life - no cracks, no chips.

Easy and simple to maintain, these lightweight tubs are ideal for whirlpool systems and perfect for those who enjoy long bubble baths before a difficult day at the work or after a long trying day of running errands.

Jacuzzi's

Hydro therapeutic massage stimulates blood circulation, relieves fatigue and tones muscles. Our whirlpool system converts any previously installed bath tub into a luxurious and relaxing installation inside the tub walls with a quick and simple procedure. When the retrofitting is complete, the tub looks and performs as if it had been originally installed as a factory whirlpool unit.

The big benefit of having an indoor Jacuzzi versus an outdoor Jacuzzi is that you will be able to use it more frequently. You can always use an indoor Jacuzzi regardless of what the weather outside.

Another benefit of using an indoor Jacuzzi is that it is safer. You are in the comfort of your own home and you do not have to worry about anything going on outside while you are relaxing.

Standard Whirlpool Kit

- » One Pump 1 H.P., 1.5 H.P., 2 H.P., 3 H.P.
- » Six Whirlpool Jet Sets
- » One Push Button

Product Overview

Transform your salon with the Luxury IVY Japanese Head Spa and Shampoo Bed, featuring Human Touch Massage. This premium bed offers:

- ✓ **Durability and Hygiene:** Made from high-quality fiberglass and a ceramic shampoo basin.
- ✓ **Innovative Massage Mechanism:** A 6-roller system simulates a lifelike massage with customizable modes and air pressure settings for back, arms, and calves.
- ✓ **Adjustable Comfort:** Reclines flat or to a 90-degree angle, with waterproof PU leather upholstery and an adjustable headrest.
- ✓ **Advanced Features:** Smart control panel, ambient LED lighting, water circulation, and heated head fumigation for enhanced treatments.

Product Overview

The Japanese Head Spa Massage Bed – Plumbed is a full-featured treatment bed designed for advanced scalp and hair care services. With water halo circulation, steam compatibility, and LED light therapy, this unit delivers a deeply relaxing, multi-sensory experience. Removable hot stone plates and gentle warming functionality help release tension and elevate results. Built with a ceramic shampoo bowl and soft PU leather cushioning, this bed also includes essential tools like a technician stool, fumigator, fumigation cap, and massage head cushion to support seamless, professional treatments from start to finish.
